

1. What kind of special educational needs provision is accessible for children at St Catherine's Catholic Primary School?	St Catherine's is a mainstream inclusive school, which ensures that all pupils achieve their potential; personally, socially, emotionally and academically in all areas of the curriculum, regardless of their gender, ethnicity, social background, religion, sexual identity, physical ability or educational need. We offer a range provision to support children with communication and interaction, cognition and learning difficulties, social, emotional and mental health or sensory or physical needs (see 'Ordinary available Barnet document'). https://www.barnetlocaloffer.org.uk/documents/664-ordinarily-available-support-from-schools.pdf
2. How do we identify children who may have an SEN need?	Please see SEND flowchart
3. What provisions are made for children with SEND;	- Teachers carry out regular teacher assessment of all children using a range of sources including observations, class work and class based assessment - Pupil progress meetings/discussion are held
a) What are the school's arrangements for assessing	termly from which we track and identify children who are not making expected national progress. - If teachers have concerns about pupil progress or attainment, parents will be contacted to discuss these concerns so you can share your views and any additional support can be agreed.
b) and reviewing progress of children with SEN?	- Interventions/support programmes are then implemented and monitored to ensure that the child makes accelerated progress.
	- If a learner is identified as having SEN, we will provide support that is' additional to 'or' different from' the differentiation approaches and learning arrangements normally provided as part of the high quality, personalised teaching intended to overcome the barrier to their learning. This support is set out in the 'Ordinarily Available Document;
	https://www.barnetlocaloffer.org.uk/documents/664-ordinarily-available-support-from-schools.pdf When providing support we engage in a 4 stage process: Assess, Plan, Do, Review Assess - this involves taking into consideration all the information from discussions with parents or carers, the child, class teacher and assessments. Plan-this stage identifies the
	barriers to learning, intended outcomes and details what additional or different approaches will be

Dec 2023

used to overcome the identified barriers

Decisions will be recorded on an individual education plan by the class teacher and will form the basis for regular review meetings held as part of parent/teacher consultations. Do – providing the support – extra assistance for the learning or learning aids as set out in the plan.

Review – measuring the impact of the support provided and considering whether changes to that support need to be made. All of those involved eg child, parents or carer, teacher and or SENCo may contribute to this review. This stage then informs the next cycle, if necessary.

Meetings with teachers and TAs are held regularly and termly Pupil Progress meetings with Head and SENCo. This additional support, will be tailored to meet the child's needs and will target the area of difficulty. This support will usually be provided in classroom in a small group with learners with similar needs or on a 1:1 basis. These are usually run by a TA. For some learning difficulties this may be access to a resource, such as a writing slope, ICT equipment or a sit 'n' move cushion. The support provided and its impact in class will be monitored closely and shared regularly with the child and with their parents or carers. While the majority of learners with SEN will have their needs met in this way, some may require an EHC (Education, Health and Care Plan) needs assessment to determine whether it is necessary for the local authority to make provision in accordance with an EHC plan

b) How is the intervention/support monitored as to its effectiveness?

The interventions used will be evidence based. A base line assessment will take place at the beginning of the intervention - this will provide the point of reference for measuring progress made by a child - and a target outcome set.

Regular reviews will take place to ensure that the intervention is having the intended effect. The termly reviews will involve children and their parents or carers, as well as class teacher and a record kept of agreed actions. Where difficulties persist despite high quality interventions and appropriate adjustments, advice and support may be requested from other

	professionals with the parents' consent. This might involve: Speech & language therapy services, Occupational therapist, physiotherapist, CAMHS, advisory support teacher, Educational Physiologist or health services such as a Paediatrician. Where a child has an EHCP, there will be an annual review held in addition to the termly review meetings, taking into account the views of the child, their parents or carers and other professionals involved with the child.
c) What is the schools approach to teaching children with SEND?	Children with SEN are inclusively educated within an age appropriate classroom with their peers. Teaching and resources are differentiated within the classroom to ensure children are able to achieve objectives. If additional support is identified as necessary, children take part in planned, evidence-based intervention and are provided at a time to suit need. Support is personalised and targeted. Adults working with a child with SEND communicate regularly to ensure a consistent approach to teaching and learning.
d) How does the school adapt the curriculum and learning environment for children with SEN?	At St. Catherine's we endeavour to ensure all children's needs are met through Quality First provision in the classroom so they can access the curriculum. All children are the responsibility of their class teacher, who plans for and teaches all the children in their class. At times this involves differentiation and extra support, either through additional adults or additional materials and resources, to reduce or remove barriers to learning. Where necessary children are given extra support or additional, time limited and targeted interventions to accelerate their progress to help them work at age-related expectations. TAs work alongside the class teacher to support children with SEND individually/in small groups and to facilitate the class teacher working with children with SEN Links are forged between classroom and intervention to ensure continuity, through verbal communication. The school takes all reasonable steps to modify/adapt the learning environment to meet the individual needs of children.

e) What additional support is available for children with SEND?	The school provides various interventions/support that meet the individual needs of the children. Children who may require higher levels of support have access to appropriately trained support staff. TAs work alongside the class teacher to support children with SEND individually/in small groups and to facilitate the class teacher working with children with SEND. Differentiated resources to support children with SEND's independence. Support from outside agencies when necessary. Access to evidence based SEND interventions in small groups or 1-1. Specialist staff in school: SENCo, Learning mentor, TA's.
f) What activities are available for pupils with special educational needs in addition to those available in accordance with the curriculum?	We strive to ensure that all children are included in school trips and activities and full risk assessments are carried out before any visits. After school clubs and Breakfast Club are available to all children.
g) What support is available for ensuring the emotional and social development of pupils with SEND?	St. Catherine's puts great emphasis on the emotional happiness and well-being of our pupils. Personal Social Health Citizenship Education (PSHCE) is a regular and important part of the curriculum and provides a safe environment for children to consider and discuss issues. Assemblies and RE also provide regular opportunities for pupils' reflection and discussion. For children who may be having difficulties, we are able to offer various support and interventions, including 1:1 mentoring support, and/ or group support as appropriate. Children are assured that all adults are available to speak to them about any worries, difficulties or problems. Who is the named SEND contact? Miss Holly Evans St Catherine's Catholic Primary School,
	Vale Drive, Barnet, EN52ED 020 8440 4946 hevans@stcatherines.barnetmail.net
6. What specialist services and expertise are there for children with SEND?	We have a collaborative approach to the support of children and work with a number of different agencies. We have access to Speech and Language Therapy; Occupational Therapy; Educational Psychology Services; Children and Adolescent Mental Health Service; and the IAT team – all of whom work with children at St. Catherine's who

	meet their criteria. We also use the Visual Impairment and Hearing Impairment Services. Our school nurse visits on a regular basis and is available to see staff, children and parents to offer support and advice. Where appropriate we have Team Around Family (TAF) meetings so all the agencies as well as the child's parents can meet to discuss concerns and to coordinate support
7. What training have the staff supporting SEND had?	The SENCo has had specific training in a wide range of SEN and also receive termly training from Barnet. All teaching and support staff have received training in Behaviour, reading development, role of the Teaching Assistant in supporting learning and Safeguarding We arrange regular training from outside agencies and from Barnet, including Speech and Language, Educational Psychologist, and Local Resource Provisions. There is a regular training programme for support staff. All new staff at St. Catherine's' are inducted by the SENCo. Teaching and support staff are given specific training on 'SEN' as required
8. How accessible is the school both indoors and outdoors?	Our school environment is accessible with a lift to enable access upstairs. We have a disabled toilet, shower area and changing facilities. We endeavour to remove any barriers to learning to enable pupils with 'SEND' to fully access the school and curriculum. Every class has a visual timetable. We are able to provide workstations for individual pupils where necessary, as well as writing slopes, move-n-sit cushions and other resources After-school provision and extra-curricular activities are accessible to all children, including those with SEND. Exam access arrangements are sought where needed. Please see our accessibility plan
9. What arrangements are there	We offer an 'Open-door' policy to parents to discuss any concerns with the

for consulting and involving parents of children with SEND?	class teacher or SENCo. We share relevant information about how parents can support their child at home, annual reports to parents, we hold multi-agency meetings as required, progress is reviewed termly with pupils, parents and relevant staff through, for example, Parent Consultation Meetings and Pupil Progress Meetings. Children with complex needs may have an Education Healthcare Plan (ECHP). These are formally reviewed annually.
10. What are the arrangements for consulting children with SEND about, and involving them in, their education?	All children, regardless of SEND, are aware of their next steps. Children who have additional needs have targets which are shared, discussed and worked upon with those members of staff who are providing their additional support. Children identified as SEN Support are aware of their additional targets and are encouraged to self-review against their targets. They are also asked about their views on their strengths and the areas in which they feel they would like to develop and the support they would like to receive. Children with EHCPs are also asked more formally about their views about their learning, their targets and the support and interventions they are given by their teaching assistant for their annual review.
11. What are the arrangements for parents of children with SEND who may wish to complain about the provision?	Parents who wish to complain are strongly encouraged to initially speak to the SENCo in the first instance or Head Teacher regarding their complaint. If the issue can't be resolved at this level or the complaint is regarding the Head Teacher the parent would be directed to the schools complaints procedure.
12. How does the School/Governing Body involve health, social services, LA Support Services, and others in meeting the needs of children with	In order to meet the individual needs of a child the school will work with and seek advice from an educational psychologist, advisory teacher, speech and language therapist or health colleagues to support the child's academic and social progress.

SEND and supporting their families?	
13. What are the contact details of support services for the parents of children with SEND, including those for arrangements made in clause 32*?	The first point of contact to discuss something about your child would be their class teacher. The SENCo is also available. Barnet SENDIAS Service 020 8359 7637
14. What are the school's arrangements for supporting children with SEND in transferring between phases of education?	If your child is joining our school we are happy to meet parents of children with 'SEND' to discuss the transition. Where a child is transferring from another school, a nursery or a specialist unit, we will liaise closely with them and arrange to visit them where possible prior to your child joining us. If your child is moving to another school or is in Year 6, the school will arrange to meet with the SENCo, or where that is not possible, speak to the school on the telephone. Relevant records will be passed on. When moving classes in school, all children take part in a class swap and any vulnerable children will be provided with extra support to help prepare them for their next class.
15. Where is the Local Authorities' Local Offer published?	https://www.barnet.gov.uk/citizen-home/children-young-people-and-families/the-local-offer-and-special-educational-needs

Dec 2023

Here is a flow chart showing the steps we take to support children with SEND. We only move from one step to another if a child still needs more support and is not making sufficient progress. If a child makes excellent progress, we may decide to move back a step.

Step 1 - Initial Concern

Parents and/or teachers raise concerns about a child. Concerns are discussed between parents or carers and the class teacher. The SENCo will be made aware of these early concerns.

Step 2 - Teacher Adapts

The class teacher adapts work and/or re-organises classroom support to help the child make better progress.

Step 3 - IEP

A child's needs are assessed in detail and an IEP (Individual Education Plan) is developed with the SENCo. School resources and/or expertise may be assigned to deliver the IEP and from now onwards we will use a graduated approach to meeting children's needs (see next section).

Step 4 - Early Help Assessment

The SENCo arranges a TAC (Team Around the Child) meeting and invites parents and outside specialists to come along and help us to carry out an EHA (Early Help Assessment). We need lots of information from parents at this stage to help us to fully understand the child. The information we collect, helps us to plan very closely to meet the needs of children. Plans made will be reviewed through another TAC meeting and we will all decide what to do next.

Step 6 - EHCP is in place

Once we have the EHCP, parents will have a copy and have chance to come into school to discuss it so that they know exactly what is going to happen. The EHCP will be reviewed at least once a (school) year and everyone that supports the child (including the child and their parents/carers) will be involved in the review to make sure that the Plan is working

Step 5 - Education and Health Care Plan

If it has been agreed by everyone at step 4, we will apply for an EHCP (Education and Health Care Plan) from the County. This replaces the old 'Statement of Special Educational Needs' and is where the County assesses a child's needs and gives the school extra resources to help us to support that child's learning and development. This process takes around 20 weeks from start to finish.
